

New SIG: Research Software Engineering

18th OpenFOAM Workshop
Genoa, Italy

Gerasimos Chourdakis
Technical University of Munich

July 14, 2023

Developers of & around OpenFOAM,
unite!

Learn

- How can I set a CI pipeline for OpenFOAM?
- Does OpenFOAM have automatic formatting tools?
- What can I do to improve the chances my code will work in a few years?
- How to most effectively share and cite OpenFOAM-related research data?
- How do I even set up my IDE to find OpenFOAM headers?

Influence

Bring new needs and workflows to the developers' eyes

"If only OpenFOAM had a clang-format config..."

"I need a stable API regarding code coupling... – Me too!"

Participate!

- Bi-monthly meetings with talks
- Meetings at the OpenFOAM Workshop
- Public and collaborative documentation

Next meeting: July 28, 15:00 CET
